OBJECTIVE

To associate myself with the organisation where I work for its development by enhancing my skill and knowledge and also to excel in my career learning recent technologies in the industries.

PROJECT

Title : WATER LEVEL INDICATOR WITH MOTOR CUT OFF

Objective : To reduce wasting water in day to day life of as. Once the liquid level is detected, the sensor converts the perceived data into an electric signal.

Title : SOIL MOISTURE AND HUMIDITY LEVEL WITH MOTOR CUT OFF USING ARDIUNO

Objective : The Arduino-based system helps farmers to monitor soil moisture and humidity levels to ensure optimal crop growth conditions. The motor cutoff function prevents overwatering and reduces water wastage in agricultural irrigation systems.
